

Daytrip Gili-islands

The three Gili-islands that lay just off the coast of Lombok represent to many the ultimate image of a bounty-island: beautiful white beaches, a deep blue sea and a coral reef that starts just off the coast and stretches away for miles.

Because there is no traffic on the islands (everything is transported by horse-car) and most accommodations are small-scale the islands have a very relaxed atmosphere.

You will be transported to the harbour and have a boat at your disposal for the rest of the day. That way we can find the best snorkel spots. There is a wide range of restaurants on the islands. At the end of the day you will return to Senggigi.

You may choose to prolong your stay in a hotel on the islands. Check our hotel offers.
